EMX announced the sale of the Adak VMS and the Åkerberg and Rismyrliden gold projects to Copperhead Mineral AB, an unlisted public company in Sweden. Both the Adak and Åkerberg claims include past producing mines and the Rismyrliden license sits on the same corridor, that hosts Åkerberg and the active Björkdal Gold Mine. Following this transaction, Copperhead Mineral intends to apply for a public listing of the Company's shares.
